GROCERY SHOPPING BUDGET

You have $90 to purchase groceries from Superstore - you can't spend more than your budget. When shopping, you have to prioritize your needs over your wants. You must purchase two loaves of bread, a dozen eggs, a 2lb bag of carrots, and a bag of apples. You must also choose at least **5** other essential food items and no more than **2** nonessential food wants. Use the table below to record your purchases.

Description of Food Item	Quantity	Price	Total Cost
